Successful Completion of 2019 NATPA Annual Conference!

Dear NATPA members and conference attendees:

It gave us great pleasure to announce that 2019 NATPA annual conference was concluded last night in Houston, TX. We thank you all for coming so far, across the country and overseas, and the tremendous support in local communities in TX. We have enjoyed and learned a great deal from our guest and member speakers as well as the excellent Young Scholar Program!

The post-conference tour will take place today and tomorrow, visiting NASA space center and much more. In addition, the post-conference production of the meeting (photo album, video, program book) will be released whenever they are ready.

Until we meet again next year at the annual meeting, we wish you all "Be well, do good work, and keep in touch"!

With deepest appreciation,
