

Dear FAPA Member,

I hope this email finds you well.

I am writing this email asking for your support for our "Taiwan Fellowship Act" email petition campaign:

If passed, the bill will allow 10 US government employees each year to be sent to Taiwan to learn Mandarin and work with their counterparts in Taiwan government offices most relevant to their home agencies for two years.

This is an excellent opportunity for US government officials to personally experience the democracy vibes and loving people in Taiwan. Furthermore, they would become a significant force behind the Taiwan-US relations. We have seen many officials and lawmakers voicing their support for Taiwan in many crucial occasions after they personally visited Taiwan. This is what the Taiwan Fellowship Act could achieve if passed.

We have created an online email campaign for this bill. Within less than 3 minutes, you can email directly to your Representative and Senators with a concrete request for the bill's co-sponsorship.
