

## 96. Tonya Mezrich

---

**HOST AND CO-CREATOR, *BOSTON'S RED CARPET***

Is it even a party if Mezrich doesn't show up? A welcome fixture on the social scene, this do-it-all author, designer, and mom also highlights the city's glittery charity events — and the heavy hitters who frequent them — on her must-watch NESN show, *Boston's Red Carpet*.

**SIDE GIG:** Co-written with her husband, bestselling author Ben Mezrich, Tonya's *Charlie Numbers and the Man in the Moon* has been required summer reading in Boston Public Schools and is being developed into a TV series.
